

LES INOUIS

French company T1J has no shortage of emotional integrity in its powerful work, *Les Inouis*. Strictly for grown-ups, this engaging mix of film, puppetry and circus explores the plight of a migrant trying to make safe passage across a border. A number of truly striking images stay with you long after the show, leaving you intrigued by the symbolism of it all. At turns gentle, athletic and bloody, this is the true frontier where circus and theatre meets.
